IT'S
TIME
TO
SUIT
UP

INTRODUCING THE SAFEJAWZ MARVEL COLLECTION

The very last thing we do before we compete is put in our mouthguard.

Like a hero suiting up before battle.

This is the 'moment'.

The reminder to switch on. The empowering ritual.

Like a hero's suit, the mouthguard has its purpose, but most importantly, it's the physical act of saying we accept this challenge, and we do so with ABSOLUTE confidence.

The preparation is over & now it's go-time.

That's why our Marvel Collection exists. It's the perfect analogy for athletes on their path to greatness and a reminder that a mouthguard represents more than a piece of armour.

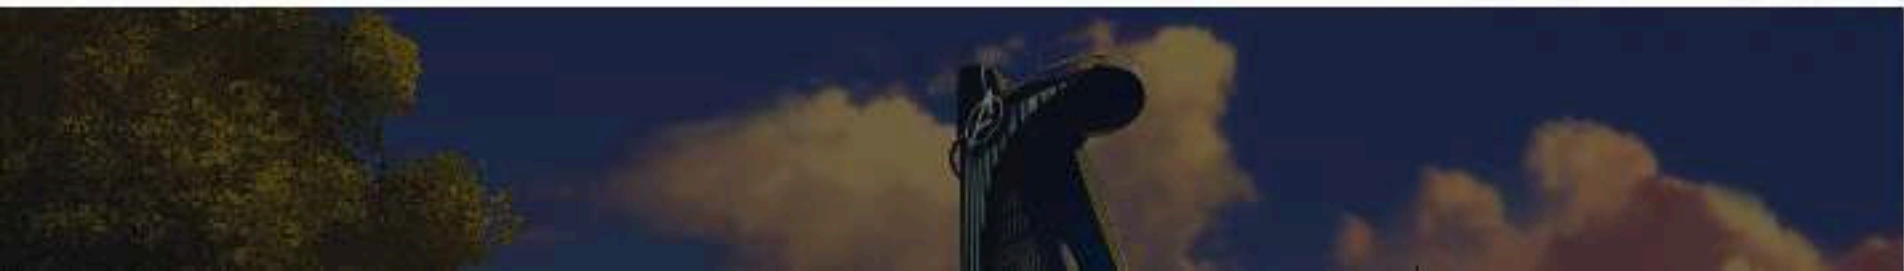

It's time to suit up.

A MAN OF THE PEOPLE

You asked for a mouthguard as protective as Cap's shield. We delivered.

Only to be worn by the most virtuous and courageous athletes.
